Funny But Not The Shooting ScriptBy Lukas A. KaiserBefore buying the script, I was very interested in reading it because the film was heavily improvised. Unfortunately, the script isn't the original script, but a transcription of the film in script format. I was able to find a copy of the script floating around the net, though and it's completely different than this published version. This is fine for a fan of the film but is less interesting for people trying to study film making.

They say that opposites attract. For slacker Ben Stone (Seth Rogen) and career girl Alison Scott (Katherine Heigl),

that's certainly the case at least for one intoxicated evening. Two months and several pregnancy tests later, Ben and Alison go through a hysterically funny, anxious, and heartwarming journey that leads to huge laughs. This Newmarket Shooting Script Book includes: Introduction by writer/director Judd Apatow Article and artwork by Charlyne Yi (who plays Jodi) Complete shooting script 30 color photos Script magazine article by Sarah Vance Complete cast and crew credits
