From Martin Lefebvre : Landscape and Film (AFI Film Readers) before purchasing it in order to gage whether or not it would be worth my time, and all praised Landscape and Film (AFI Film Readers):

0 of 3 people found the following review helpful. Very interesting too .By Maria-Dolores Garcia-BorronThis one is very good as well, I enjoyed a lot reading it ; there are many different articles, written by different people , and thre are different topics and countries ; but some important ideas and countries are missing too. Anyway, this is a book I'd recommend too. And I'll reread it sometimes, as well .

First published in 2006. Routledge is an imprint of Taylor Francis, an informa company.

About the Author Martin Lefebvre is Associate Professor in the Mel Oppenheim School of Cinema, Concordia University, Montreal.
