**From Alfred Publishing : Schumann: Album for the Young: Opus 68 for the Piano** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Schumann: Album for the Young: Opus 68 for the Piano:

0 of 0 people found the following review helpful. I was disappointed in the print quality of this edition By Richard Sparks Everyone loves these pieces. I was disappointed in the print quality of this edition. I miss the high quality printing of sheet music from the old days. 6 of 6 people found the following review helpful. Fingering too light By Customer This is a beautiful score and the content is interesting. The font is clear, big and easy to read. Yet, although historically interesting the gray fingering is impossible to read. Perhaps the alternate fingering could be a different color. I had to return the score for this reason.

Numerous selections from Schumann's *Album for the Young* have long been favorites of intermediate students, and few collections fail to include the "Soldier's March," the "Happy Farmer" or the "Wild Horseman." This historically informed edition of the entire collection clearly differentiates the markings of the first edition from Clara Schumann's later-edited version. Discussions of ornamentation and the collection's origin are also included.
