I bought Scott, The Piano Guy's first book with CD and Instruction book and started playing again about a month ago. I did buy a set of stick on piano symbols from as well to help me find the keys faster. Between Scott's books, CD's and stick on "notes"...I'm actually sounding pretty good. Bye, Bye Miss American Pie...actually sounds great. Thank you Scott! 5 of 5 people found the following review helpful. I have gotten so much joy from playing with his books without having to start ...By Customer Scott Houston made me able to play songs right away! I have gotten so much joy from playing with his books without having to start with first grader songs. I highly recommend his method to anyone who just wants to play for their own entertainment. 1

There are no fillers and the song selections are great with good variety and variety of rhythms. You can play straight out this book for a gig. I perform and teach and am going to highly recommend both these books to my students. I just love these books.
