Shawn Kennedy : Scratch Play Mystery Word Puzzles before purchasing it in order to gage whether or not it would be worth my time, and all praised Scratch Play Mystery Word Puzzles:

2 of 2 people found the following review helpful. Hours of fun for any age groupBy Rebecca R. McKeel love this book. The premise is very simple; think of a 5-letter word, then scratch off the letters to see if any match the word in the puzzle. From there, deduce the positions to find the actual word. The puzzles start out easy and get harder. Because the answers display when you scratch off the letters there is no answer section, so they make the most of the space in

the book with over 200 puzzles. I actually bought this a few months ago, finished it, and bought it again. Unless you have a super memory and remember the order, you can re-do them over and over. You'll definitely get your money's worth out of this puzzle book. 0 of 0 people found the following review helpful. Five Stars By L. Czyk We stumbled across this game book and love it! 0 of 0 people found the following review helpful. One Star By Pinkkoala Bought this for my grandmother who loves word puzzles and it was too much for her.

Guess the word, solve the mystery! Each game in this pocket-sized puzzler has a hidden five-letter word, and players have seven tries to guess what it is. Scratch off the silver circles next to each letter in the word you guessed, and symbols will reveal whether that letter is in the mystery word, and if it's in the right spot. A twisted form of hangman, these innovative word puzzles are addicting!
