Andrew Brisman : Scratch Play Test Your Blackjack IQ before purchasing it in order to gage whether or not it would be worth my time, and all praised Scratch Play Test Your Blackjack IQ:

This book will take your blackjack skills from bust to boom. Scratch-off circles present you with sample hands, so you can figure out the optimal strategy for every possible situation. It's up to you to decide whether to hit, stand, split,

double down, or surrender. Tips and tricks adorn the pages, but the best way to learn is to dive right in and play. Don't hit the tables until you hit Scratch Play Test Your Blackjack IQ!

About the Author Andrew Brisman is a writer and editor who has been an avid casino player for years. A former editor at Games magazine, he is a nationally recognised authority on games and puzzles. In addition to writing on a variety of topics, he also creates games and puzzles for adults and children. A voracious researcher, he enjoys figuring out the puzzle of getting the most from the gambling experience. He lives in New York City, a quick three-hour drive from Atlantic City.
