**Jack Ketch : Scratch Solve Geography Hangman (Scratch Solve Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scratch Solve Geography Hangman (Scratch Solve Series):

The hugely popular Scratch Solve Hangman series ventures into new territory: geography! See how many countries, cities, towns, and famous features and sites you know as you fill in the blanks and complete the word. But remember: six misses and you're hanged! As always, each puzzle has the 26 letters of the alphabet accompanied by silver circles

to scratch off. Select one and give it a rub to find out if it's in the puzzle, and where.
