I'm thrilled to have found a hangman game that can be played by one person. I bought the whole series to keep my family busy!4 of 4 people found the following review helpful. Love these books but this one was defectiveBy CJMy seven year old loves these hang man books. On our Sports version however, we could not scratch off the letters. Apparently something went wrong in the printing process. It's hard to watch your child be so disappointed and no fun to waste money on a defective product.

You'll feel like an MVP if you can complete every all-star sports hangman game we pitch at you. Tennis? Figure skating? Squash? Football? The worlds most popular sports are represented in this collection of games with numbers

hidden under 26 scratch-off circles. Pick a letter, rub off the circle, and find out if the letter is in the puzzle and where. Spell out the names of favorite legends, events, athletic venues, and more.
