It's only that it is so small, and so the printing under the scratch dots is too small.....need excellent vision to see.Are there any other larger hangman scratch game books?0 of 0 people found the following review helpful. Purse sz fun for grandkidsBy Kris10 yr old grand-daughter loves it!!2 of 2 people found the following review helpful. Great boredom breakerBy Connie WoodsThese are a fun

little collection of those games you used to play on napkins in a restaurant when you were bored! Trust me, these are NOT just for kids. It takes a lot of thinking on some of these. I love scratch off games that allow a single person to play something that used to take two people. It's small size works well in purses.

Every word lover and puzzle fan should grab this new book in our popular Hangman series and toss it in their backpack! That way, its always on hand whenever theyre in the mood to solve. Each page features one puzzle plus the 26 letters of the alphabet accompanied by silver circles to scratch off. Choose a letter, give it a rub, and see if its in the puzzle, and where. But watch out: six misses and youre hanged!

About the AuthorMike Ward is the head puzzle compiler at Brainteaser Publications. He has been compiling puzzles for about 20 years, starting off with producing crosswords for various newspapers, then branching out with publications with a brain-teaser flavour. His Scratch-Hangman books sold 250,000 copies in New Zealand before being assigned to Sterling.
