**Larry Mak : Secrets of Modern Slot Playing** before purchasing it in order to gage whether or not it would be worth my time, and all praised Secrets of Modern Slot Playing:

11 of 12 people found the following review helpful. Pretty good!By Betsie's Literary PageAnyone who has ever entered a casino will find this book a terrific resource. The author explains in layman terms how a slot machine works, dispelling myths. Fate is your best friend when you play a slot machine because there is nothing except mathematical

probability when you hit the spin button. Luck has nothing to do with winning or losing at a slot machine, you just have to be in the right place at the right time. An enjoyable read with many humorous anecdotes that many of us will be able to relate to. Highly informative: in providing payout tables of various machines that are seen in many casinos today. There is also a state listing by casino that shows how each casino pays by denomination of slot machine. It not only teaches, but also provides detailed tips to improve the player's chances of winning when playing slot machines. This reviewer recently went to a casino and tried some of the hints from the book. Although I did not come out a winner, I limited my losses to \$40.00 for 4 hours of playing time. Pretty good!! I really enjoyed this book and would recommend it for anyone who will be visiting a casino in the near future. For those who gamble and those who do not but are curious and want to learn. Enjoy! Reviewed by Lee Burlison 3 of 4 people found the following review helpful. As "reader friendly" as it is informed and informative. By Midwest Book Review. Now in an updated fourth edition, *Secrets Of Modern Slot Playing* by freelance gaming expert and writer Larry Mak is a fascinating and helpful book specifically designed for slot machine game players and will prove highly informative for anyone interested in how casino slot machine playing really works, tips and techniques for making the most of slot machine betting, how computerized slot machines function, and much, much more. A practical, detailed, entertaining, and highly recommended guide written both for those who gamble and those who do not gamble but want to learn more about the ubiquitous and popular slot machine, *Secrets Of Modern Slot Playing* will prove to be as "reader friendly" as it is informed and informative. 7 of 8 people found the following review helpful. This book is GREAT! By juniorj. Seriously, if you play slots, read this book. Of course luck adds to everything, but I read this book and followed what it said and I won and came out ahead (won \$800 on the slots, and after playing other games, went home \$500 ahead). This book gives the slot player so much more of an advantage.

An up-to-date and entertaining book with helpful tips on how to play today's standard reel-spinning and multiline video slots. The book also explains how the new generation of coinless (ticket-in, ticket-out) slots work." Its 108 pages reveal up-to-date slot-playing secrets passed along by casino insiders, computer programmers, mathematicians, and slot-wise players nationwide -- plus the author's 30 years' experience in the slot trenches. The author states that today's one-armed bandits are computers in slot's clothing. He then describes, with a touch of humor, how they work, how to find the loosest slots, and how to play them. The book also discusses slot-playing myths, the role of luck, streaks, common slot-playing mistakes, betting strategies, how the casinos think and how they want you to think, and more! If you try your luck at today's high-tech computerized slots, you owe it to yourself to learn all you can about them. And *Secrets of Modern Slot Playing* tells you in easy-to-understand non-technical language all that you really need to know to come home a winner more often. Don't play another slot machine until you've read this book!
