2 of 2 people found the following review helpful. Very disappointed in this book By C Pernock Very disappointed in this book. My 3-year-old son can easily do this. It is essentially the same picture throughout the entire book and there is about 7 objects to find on each page. Book is super thin and half the book is answer pages. 2 of 2 people found the following review helpful. Ok By Mary F. Stitely The book itself is great but not as much to seek and find. Not really a challenge 2 of 2 people found the following review helpful. Wife enjoyed it. Thanks By Rodney Carter Delivered as promised. No issues. Wife enjoyed it. Thanks.

This is not a seek and find book for beginners. This is a huge task that requires the eyes and concentration of the more experienced seekers. Each puzzle presents a scenario that is similar to finding the needle in a haystack - yes, it's that

difficult. But on the other hand, you will find the challenge both thrilling and brain bolstering. This is the adventure for the expert you!
