0 of 0 people found the following review helpful. Great collection By T. L. Adams There are a few songs by Grieg that everyone knows, and those few songs appear in many collections of art songs. But you just don't come across many

more than the same well-known three or four pieces. This book is a treasure. Many of Grieg's songs are rather simple, but the chord progressions and the interplay between the voice and piano are absolutely luscious. There are so many moments that are very touching and poignant. This book has been a delight to go through, and I want to learn as many of these songs as I can fit into my schedule.
