**Robert Chapman : Selling the Sixties: The Pirates and Pop Music Radio** before purchasing it in order to gage whether or not it would be worth my time, and all praised Selling the Sixties: The Pirates and Pop Music Radio:

Was it a non-stop psychedelic party or was there more to pirate radio in the sixties than hedonism and hip radicalism? From Kenny Everett's sacking to John Peel's legendary 'Perfumed Garden' show, to the influence of the multi-national ad agencies, and the eventual assimilation of aspects of unofficial pop radio into Radio One, *Selling the Sixties* examines the boom of private broadcasting in Britain. Using two contrasting models of pop piracy, Radios Caroline and London, Robert Chapman sets pirate radio in its social and cultural context. In doing so he challenges the myths

surrounding its maverick 'Kings Road' image, separating populist consumerism from the economic and political machinations which were the flipside of the pirate phenomenon. *Selling the Sixties* includes previously unseen evidence from the pirates' archives, revealing interviews and an unrivalled selection of rare audio materials.
