**G Schirmer Inc : Sergei Prokofiev: Sonata Opus 94 for Flute and Piano (Moern Russian Masterworks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sergei Prokofiev: Sonata Opus 94 for Flute and Piano (Moern Russian Masterworks):

0 of 0 people found the following review helpful. Nothing revised about this edition. By DanielNYC This is an inexpensive edition which might be appropriate for students. But there is nothing "revised" or new about this edition. It is basically the Rampal edition, which strays terribly far from the original Prokofiev score. It includes all the old active jumps and articulation that Rampal added for the International edition. I don't recommend it. However, at least

the editors annotated where this edition varies from the original. (So does the Rampal/International edition.) There are also some bad page turns in the flute part which could easily have been avoided. I recommend the new Sikorsky edition. Although it is not without flaws, it does stay faithful to the original, errors and all. 0 of 0 people found the following review helpful. Beautiful Prokofiev By Sparta Prokofiev is an amazing composer, and I was so excited when I heard that he had written a piece for flute! This sonata contains many varied moods, and showcases all of the essential skills of the well-rounded flutist. Be it technical skill, tone quality, or expressive playing, there are challenges for players of all types. The flute and piano parts compliment each other perfectly, and this sonata is really a team effort. Both parts are important and together sound amazing. This is one of my favorite flute pieces, and I'm really happy my teacher assigned me the 1st movement! 0 of 0 people found the following review helpful. Good Buy By Lauren Cooper Very nice book for teaching flute to students, great price, arrives on time and in good condition.

The Schirmer edition of Prokofiev's Sonata Opus 94 for Flute and Piano is based on previously printed editions and recordings of his Opus 94. This edition retains the solo flute and solo violin parts in the piano score showing the differences made by the composer for both versions of his work.
