Great American Audio Corp : Shadow Chronicles, with Book (Chronicle Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Shadow Chronicles, with Book (Chronicle Series):

Drawn from the pages of a pulp magazine, the ominous voice of The Shadow became radio's most popular mystery man. The Shadow series made its radio debut on September 26, 1937, starring Orson Welles as The Shadow, alias Lamont Cranston, and Agnes Moorehead as Margo Lane. In addition to original radio broadcasts and a 56 page book, this collection includes a program which brings the story of The Shadow to life with over 60 rare clips of the actors, writers and directors fo the radio program. 5 cassettes.
