**From Catalyst : Shadowrun London Falling** before purchasing it in order to gage whether or not it would be worth my time, and all praised Shadowrun London Falling:

London-Where The Thick Fog (Sounds Nicer Than Smog, Doesn'T It) Makes For Some Truly Deep Shadows. Every Crooked Street, Every Cramped Building Holds A Secret Or Two, As Well As A Person Or Two Who Will Go To Great Lengths To Ensure Those Secrets Are Kept. There Is, For Instance, The Dark Secret Of A Minor Noble Who Has Not Been Seen In Parliament In Months. And The Researcher Who Everyone Is Interested In His Work. The Courier Who Carries One Secret In His Head And Another In His Gut. And An Explosive Secret That Has Been Festering In The West End Underplex For Years Or Even Decades. London Falling Features Four Adventures For Shadowrun Set In London. London Falling Also Has Stats That Allow It To Be Compatible For Both Shadowrun,

Fifth Edition And Shadowrun, Twentieth Anniversary Edition.
