John L. Smith : Sharks in the Desert before purchasing it in order to gage whether or not it would be worth my time, and all praised Sharks in the Desert:

0 of 0 people found the following review helpful. Financial-Politics in Sin CityBy Anthony PierullaA Las Vegas junkie. Don't know how I missed it. Mr. Smith is a gifted columnist and writer who it seems he got the short political straw in Sin City financial-politics. I know he will land on his feet and reach deserved acclaim.11 of 12 people found

the following review helpful. An excellent read and a superb history lessonBy scherf.comWith "Sharks in the Desert" John L. Smith wrote one of the best books about Las Vegas ever. This book has a lot of substance and it is full of information. Although it's nonfiction, it reads like a novel. Lots of valuable quality research are packed into the 400 pages. Although we have seen the TV specials about Las Vegas history, it was so refreshing to read John's book -- this is a great read from the first page to the last. The reader learns about today's casino moguls and the harsh but real techniques to separate casino patrons from their money. It also tells the story how like a gigantic masterplan Las Vegas rose from the barren desert into today's Sodom and Gomorrah. Smith is excellent in telling it like it is and this book is a great educational tool for anyone who wants learn more about the meadows, i.e. Las Vegas, and the people who developed this desert oasis in the past and who run this town like clockwork presently.0 of 0 people found the following review helpful. If you like the history of Las Vegas you would like this ...By stlgaryIf you like the history of Las Vegas you would like this book

The story of the evolution of the gambling racket from mobbed-up vice to corporate success story as told through the biographies of the men who made it happen.
