**Franz Schubert, Classical Piano Sheet Music : Shorter Works for Pianoforte Solo (Dover Music for Piano)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Shorter Works for Pianoforte Solo (Dover Music for Piano):

5 of 5 people found the following review helpful. Very good edition for this price! By DaniShI honestly wanted to buy the Urtext edition (separate books. There's no unified Urtext edition book that contains all the pieces that this Dover edition has. At least not yet...), but since it costs almost four times as much as this - I went for it. I have quite an extensive library of scores and I always look on the M.S and compare (I love to do that kind of "research"), but I must say that Dover editions (especially of Romantic music, like Liszt, Brahms, Schumann and early 20th Century like Scriabin and Rachmaninov) are very VERY reliable sources and most of the time stick to the M.S or the first edition. Cannot say the same about Classical period (Beethoven, Mozart, Haydn) but with Schubert it looks like it's

quite good!Overall, it's not the greatest edition but for the price - it worths every penny!Highly recommended from a musician currently finishing his Doctorate Degree in Music Performance.16 of 16 people found the following review helpful. Gorgeous edition, easy to read and fun to playBy Marion CapriottiWell, Dover editions are always good, but the Schubert Short Piano Pieces book is especially fine. If you love to play the piano, you will love this fine compilation of all the Schubert impromptus, Moments Musicaux, etc.The staves are well-spaced and the engraving is good, making the music easy to read. Page turns are pretty intelligent -- you rarely have to turn while playing. There's plenty of space between the lines for your notes, teacher's ideas, etc.I am delighted with this usable, well-produced edition. Hope other amateur pianists will enjoy this book as much as I do.2 of 2 people found the following review helpful. It's Dover, you know what you're gettingBy S. ChangI always enjoyed Dover edition music. This is exactly what I was looking for. I can only hope continues to carry more Dover music books.

Supplementing the Dover edition of Schubert's complete piano sonatas, this volume contains all of the remainder of Schubert's music for pianoforte solo (except the dances and a few unfinished pieces): the ever popular "Wanderer" fantasy, Opus 15; the 8 impromptus (Opp. 90 and 142), experimental forerunners of one of the typical genres of the later Romantic composers; the Moments Musicaux, Opus 94; the Adagio and Rondo, Opus 145; and numerous variations, scherzos, and other short pieces.The music is photographically reprinted from the Breitkopf Hrtel Schubert-Gesamtausgabe, still considered the standard, authoritative edition of Schubert's music.Note heads in this edition have been reproduced in a size large enough to be read easily at the keyboard, and margins and spaces between staves are conveniently wide to permit written notes, harmonic analysis, fingerings, and running measure numbers. Essential to all classical pianists, this edition is also practical for study, reference, enjoyment virtually any use.

About the AuthorAustrian composer Franz Schubert (17971828) was extremely prolific in the course of his brief life. In addition to 600 Lieder, he wrote nine symphonies, liturgical music, operas and incidental music, along with a large body of chamber music and solo piano music.
