**P.D. Joyce : Silent Hill (Prima's Official Strategy Guide)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Silent Hill (Prima's Official Strategy Guide):

It tells you NOTHING about the important/difficult puzzles, and it is only based off of one difficulty that they don't even tell you. This is one of those guides where they hire an amateur person that knows nothing about the game and get them to write it as fast as they could so it would sell. Marketing scam and false advertisement.0 of 0 people found the following review helpful.
