Doug Walsh : Singularity: Official Strategy Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Singularity: Official Strategy Guide:

10 of 10 people found the following review helpful. A disaster
By Tony Wihlen
This is simply not worth the money. The information is criminally brief, there are no maps and what little information they've actually included in the walkthrough is confusing and poorly worded. Seriously, how the hell can you make a guide in this day and age and NOT include maps? It's not rocket science. Sheesh. No, you're much better off visiting one of the multitude of websites that deal with this sort of thing than spending your hard-earned cash on this piece of garbage.

A complete Walkthrough shows you how to navigate each area while pointing out the locations of every Blackboard,

Blueprint, Chrono-Note, and Weapon Tech. Each walkthrough chapter begins with a breakdown of your objectives, the new weapons and upgrades you'll discover and a gallery of the enemies that stand in your way. Use the Weapon Locker to learn the vital statistics and upgrades for the weapons at your disposal. Weapons are only half your arsenal! With the amazing abilities granted by the Time Manipulation Device, you're ready to face the mutated horrors of Katorga-12. After you complete your mission, prepare yourself for the Multiplayer elements of Singularity with maps for each game type, and strategies for both Soldiers and Creatures. In addition, you'll get details on how to play as each of the Creature and Soldier types, and effectively use their weapons and abilities.

About the Author
BradyGames, an imprint of DK and a division of Penguin Random House Inc., is the world's leading publisher of strategy content for PC and console video games. BradyGames understands what gamers both casual and hardcore want and need from strategy guides.
