By MattThe print quality is not very good. I've seen much worse, but for what you get you might as well just print off the score from IMSLP yourself.

By DebbieI worked from this book for 8 months straight and it's still in great condition!!!!  
0 of 0 people found the following review helpful. Wonderful..  
By D. HadleyIt's exactly what I wanted, after hearing Moment number 3. I would recommend this to anyone interested in the genius of Rachmaninov.

(Piano). New Schirmer Library edition of these well-known Rachmaninoff pieces for piano solo. Recent additions to Schirmer's Library Of Musical Classics include music that previously was never part of this series before and music that is being revived after being out of print for many years.
