Frank R. Scatoni, Pete Fornatale : Six Secrets of Successful Bettors: Winning Insights into Playing the Horses before purchasing it in order to gauge whether or not it would be worth my time, and all praised Six Secrets of Successful Bettors: Winning Insights into Playing the Horses:

3 of 3 people found the following review helpful. Great Tips for an Aspiring Gambler By JJohnsI found this book to be

informative and interesting. Through a series of interviews, the author came up with six "secrets." 1. It takes hard work to be a successful bettor. 2. A successful bettor gathers as much information as possible before betting. 3. Successful bettors search for value in betting, betting when the odds are better than they should be. 4. Understanding the right way to bet for value is important. 5. Successful bettors know their own strengths and weaknesses. 6. Lastly, successful bettors understand that sometimes they will lose. They do not let past losses affect the way they bet now. These are good tips and the book is interesting. I think the presentation is interesting; the author provides his conclusion first, and then uses quotes from the bettors he interviewed to support that conclusion, kind of backwards. But it works. 2 of 2 people found the following review helpful. Could make you a winner By David N Great book, very informative. 0 of 0 people found the following review helpful. Educational book By M. Stumpf Seeing as how was caught just recently removing thousands of negative reviews on Hillary Clinton's book that were submitted by valid purchasers, I really have little reason to expect this review will be seen.

Through extensive research and interviews, Scatoni and Fornatale have found that there are specific traits that these successful gamblers share. By combining elements of traditional business analysis with proven handicapping methods and practical lessons learned in the wagering trenches, these unique professionals have developed a model for consistent success. They not only understand the fundamentals of value analysis, money management, and betting strategy, but also have developed the discipline and mental fortitude that ultimately separate the knowledgeable enthusiast from the successful investor. After interviewing more than two dozen professional players, the authors have identified the six secrets that all of these successful individuals have in common. Whether you're a casual weekend player or a serious fan contemplating turning pro, all of the practical elements for success are candidly revealed in this truly fascinating journey into the gambling habits of the world's greatest players. Interviews with horseplayers Andrew Beyer, Paul Braseth, Dave Cascuna, Paul Cornman, Steven Crist, Ernie Dahlman, Steve Davidowitz, Cary Fotias, Brad Free, Len Friedman, Randy Gallo, Dave Gutfreund, Jim Mazur, Barry Meadow, Gerry Okenuff, James Quinn, Roxy Roxborough, Andy Serling. Other gamblers interviewed include blackjack expert Kevin Blackwood and poker champions Clonie Gowen, Howard Lederer and Amarillo Slim Preston.

Excerpt. Reprinted by permission. All rights reserved. Are there really people who consistently win at the racetrack? Yes there are, and in *Six Secrets of Successful Bettors: Winning Insights into Playing the Horses*, you'll finally meet them and learn their secrets. Frank R. Scatoni and Peter Thomas Fornatale have put together a one-of-a-kind gambler's gem in their quest to find the small percentage of racetrack investors who beat the game. Do you have what it takes to join them? Through extensive research and interviews, Scatoni and Fornatale have found that there are specific traits that these successful gamblers share. By combining elements of traditional business analysis with proven handicapping methods and practical lessons learned in the wagering trenches, these unique professionals have developed a model for consistent success. They not only understand the fundamentals of value analysis, money management, and betting strategy, but also have developed the discipline and mental fortitude that ultimately separate the knowledgeable enthusiast from the successful investor.
