Johann Sebastian Bach, Paul M Fleury : Six Violin Sonatas and Partitas: Bach-Werke-Verzeichnis 1001-1006 Composer's Manuscript before purchasing it in order to gage whether or not it would be worth my time, and all praised Six Violin Sonatas and Partitas: Bach-Werke-Verzeichnis 1001-1006 Composer's Manuscript:

I already had my own Bach Partitas edition, so I didn't need all the printing all over. THANK YOU to these publishers for publishing ONLY Bach's manuscripts :)0 of 1 people found the following review helpful. As MIDI was meant to be.By Red MerleI purchased to find out what Bach originally wrote. I've had a good time comparing this to other player's transcriptions. I was happy to see he did

not use MIDI back then. Also made me feel my scoring is fantastic despite my teacher's opinion. Have fun with it but you'll need really good eyes to play these on the first run through.

J.S. Bach's BWV 1001-1006 Sonatas and Partitas have become a staple for violinists the world over. Many editions exist, this is the ORIGINAL manuscript facsimile written by Bach's own hand. 41 pps, Glossy Cover. As with all Edition Fleury publications, blank staff paper and section for teacher notes are present in the back of the book.
