Kathryn Bonella : Snowing in Bali before purchasing it in order to gage whether or not it would be worth my time, and all praised Snowing in Bali:

3 of 3 people found the following review helpful. GreatBy Kiki G.Bought it on a Saturday morning -- finished it on Sunday evening. Now, if you're the type of person who subscribes to the Paris Review, and can't tolerate anything less than "Infinite Jest," this is probably not the book for you. Because you'll complain about the writing and grammar, and, and, and.....but for the rest of us mere mortals? This book is "can't put down" good. Go, Buy, Enjoy! I skipped a

planned night out -- told my friends I was sick -- because it was too captivating to put down. (Oh, and if you veer anywhere near prude, keep moving.....because the pearl clutching you'll do, will probably result in self-strangulation.)0 of 0 people found the following review helpful. Good readBy Mohammad Al SarrajSnowing in bali. It was interesting. I was reading the book when i was in bali. I dont recommend reading while your in bali because you will feel a bit paranoid and worried of your surrounding which is unnecessary. Bali is a beautiful country, its people and tourist are so peaceful. But im sure there is a notorious side of Bali that a notmal tourist there to have fun will ever have to experience. Read it after your back from bali not during.3 of 3 people found the following review helpful. Great read!By Gary S. KingI really liked this book! I've always been fascinated with those who take chances and live life on the edge, and in my younger years, I have taken more than my fair share of chances. The difference between this book and others that cover the same subject is that the author makes the individuals come alive, and by the end of the book I felt I actually knew each of them. It's a wild ride and a definite page turner, and I WILL read it again at least once more time.I highly recommend this book and any sequels...(I want to find what happened to Andre).

From the bestselling author of HOTEL KEROBOKAN or HOTEL K (UK title) - about Bali's most notorious prison - comes an incredible account of Bali's hidden drug world. With unprecedented access to some of Bali's biggest international bosses and local dealers, Kathryn Bonella has written a book even more explosive and revelatory than Hotel K.

"This book is a page turner, it's kind of Scarface, instead of Miami, we're in Bali." - Peter Goers, ABCFrom the AuthorIf you enjoy 'Snowing in Bali' you may like to read my book on Bali's most notorious jail - "Hotel Kerobokan" or "Hotel K" (international title)From the Inside FlapTo the holiday-makers who think they're going to paradise ... all isn't as it seems!
