As the previous poster mentioned, it is a very simplified version of Solfeggetto with only quarter notes. (All the Alfred's Simply Classics sheets are NOT the originals...) But, once learned and played up to tempo, it sounds very impressive and much more difficult than it actually is. A good piece for beginning adults and pre-teen students who want a flashy solo piece.1 of 2 people found the following review helpful. Felt disappointed after openingBy Stacey CopleyDidn't realize I bought an easy piano version. Not the version I wanted and it will take take too much effort to return it. ./

Simplified Masterwork Solo.
