Kristen Barrett This book has a very nice selection of sonatas in it, from Beethoven, Haydn, and Mozart. This book also has some VERY helpful performance and practicing tips at the bottom of the pages. 10/10 very good book. 0 of 0 people found the following review helpful. affordable and decent, but a couple glitches inside. By Shelly Good price and a convenient paperback that contains full transcriptions of these sonatas. Widely sold in US; thus, no import hassle or higher prices. 2 drawbacks: -serious errors from time to time- they need to update with a better copyist. -DO NOT follow these crazy fingerings; they will put your hands and wrists at serious risk. Take it for what it's worth- an OK option and a bargain.
