hard for some one returning to playing piano after 24 years. I'm rusty, but picked out one piece that I am working on. The music explanations and comb binding are great. 1 of 1 people found the following review helpful. So good By kaixindou2008 I bought it to my friend. I think it is very useful. I like the paper and printing. But the shipping was so slow to miss that day of the birthday. If the shipping is on time, it is perfect. 3 of 3 people found the following review helpful. Very Nice By Amanda Albright I'm a college music student (piano major) and I bought this to supplement my lesson and it's perfect! I would recommend this to any pianist.

This carefully graded, pedagogical performance edition contains 12 outstanding classical sonatas by Haydn, Mozart, and Beethoven. Each sonata appears in its original form and comes complete with performance notes and clearly presented editorial markings. The comb binding creates a lay-flat book that is perfect for study and performance.
