However, I was disappointed that the title for every piece is Sonate, and none of them specify which number they are. I wanted to hear how these sound, so I tried to look up each piece on YouTube, but it was hard since I wasn't sure which piano sonata by each composer to look for. I eventually figured it out. These are good pieces for young talented people to learn or older adults that are fairly skilled piano players. 2 of 3 people found the following review helpful. The Best of the Masters By wcj This series contains the best sonatas written by Mozart, Beethoven, and Haydn. Make sure to get both volumes (I II).
