From Alfred : Sonata for Trumpet and Piano: 1986 Edition, Part(s) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sonata for Trumpet and Piano: 1986 Edition, Part(s):

4 of 4 people found the following review helpful. Good piece By Michael G This is a very hard 3.0 solo for trumpet. It comes with the trumpet music and the piano accompaniment. The hardest part with this piece is getting the timing down. When I first played through it I did not feel that it was that hard until I started to break down the time signatures and dynamics. All I can say is this is a piece for a professional trumpet player and a professional piano player. On the back of the book it tells you there is a good recording of this piece on the CD "Trumpet in our time" I would recommend getting the CD and listening to it before you attempt it. Other than that this is a wonderful piece and a great addition to any trumpeter's repertoire. 0 of 0 people found the following review helpful. Missing trumpet part By Allison Damon It's a

wonderful piece, but unfortunately I only received the piano score, with no solo trumpet part.0 of 0 people found the following review helpful. Solid PieceBy cvbnmGot a 1 at state, so that pretty much says what needs to be said.
