HarrellNeither the title on the sheet music nor the title on the listing page indicated that this is just the second movement. If you scroll down to the book description, it does say that it is the second movement. Since the sheet music doesn't state this, it would be helpful if could add "second movement" to the title at the top of the listing page. Other than that everything is fine. The pages are easy to turn, unlike some stiffly-bound copies.1 of 1 people found the following review helpful. Sonata PathetiqueBy Anne SticklesThis is some music, I look forward to playing. I look forward to having it in my house.Anne Stickles0 of 0 people found the following review helpful. Only 2nd Movement!By ChristyWarning! This

is only the 2nd movement!

The Masterpiece Edition of Beethovens Sonata Pathetique is the second and most popular movement. The Adagio cantabile is a work of genius and a performance necessity when studying Beethovens body of work. This Minstrel Press Masterpiece Piano Solo is exclusively distributed by Santorella Publications.1-58560-597-2,635344010141
