Ludwig van Beethoven : Sonatas - Book 1: Piano Solo (Schirmer's Library of Musical Classics) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sonatas - Book 1: Piano Solo (Schirmer's Library of Musical Classics):

3 of 3 people found the following review helpful. Fast and exactly what I wanted! By M. Smith I got this shipped in a day! (granted I live in WI as well as the seller). It's in great condition, with lamination on the edges and spine of the book to keep it nice. The book is bigger than I expected, which is always a pleasant surprise. Thanks so much! 0 of 0 people found the following review helpful. it's a BIG book By fun guy This is a good edition with useful comments. The

only problem I have is that the book is VERY thick, and the binding is not that strong. It will most definitely fall apart by the time you'll be done with your first piece. 2 of 2 people found the following review helpful. A classic By Marshall L. Merrill What can I say? The standard reference for such classic music with fingerings. I do however object to the fingering for the 3 movement of the Appassionata, but I don't have a very good alternative. The comments by Von Bulow are neat!
